Jackson Purchase Medical Center’s mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region’s overall well-being. Your support allows us to continue to enhance the many ways we serve and care for Graves County and the surrounding area today and for generations to come. Thank you.

—David D. Anderson, CEO

In 2019, we...

- added seven employed providers
- made more than $1.3 million in capital improvements
- distributed a payroll of $43,748,564 to more than 600 employees
- donated nearly $9 million in services to those in need
- paid $4,219,848 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in several specialties, including pediatrics and internal medicine.

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. This year, we invested in a CT workstation for vascular care, a motility system for endoscopic care, an anesthesia machine, an AngioJet console and more.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
Jackson Purchase Medical Center
